SUMMARY

Full Stack Web Developer with a background in Creative Design and life-long dedication to learning. Effective at combining creativity and problem solving to develop user-friendly applications. Known among staff for facing problems head-on and the ability to learn difficult skills no matter the complexity of the project.

TECHNICAL SKILLS

Technical Languages: JavaScript, CSS3, HTML5
Applications: React.js, Node.js, MySQL, NoSQL, MongoDB, Bootstrap, jQuery, Tailwind CSS, Express.js, Sequelize

PROJECTS

Blockbuster2024

Repository: https://github.com/Goobergreve09/Blockbuster2024
Deployment: https://blockbuster2024-clone.onrender.com

- *An application with a nostalgic Blockbuster theme. A full-stack project for a user to store favorite books and movies.*
- *Responsibilities for this project included UI/UX design using react-bootstrap grid components, as well as integrating a functional movie API for saving movies.*
- *JavaScript, HTML5, CSS3, Node.js, MongoDB, Express.js, Rest API's Bootstrap, React.js, Vite, ESLint*

Weather Dashboard API

Repository: https://github.com/Goobergreve09/Weather-Dashboard-2.0
Deployment: https://weather-dashboard-greg.netlify.app/

- *An application using a backend weather API to fetch the current weather and 5 day forecast for the specified city. I added a dark/light mode toggle for an enhanced user experience.*
- *My goal for this application was to create a responsive and well-designed tool for the user.*
- *JavaScript, React.js, Bootstrap CSS3, HTML5,Vite,External API's, ESLint*

JavaScript Quiz

Repository: https://github.com/Goobergreve09/Javascript-Quiz-2.0
Deployment: https://javascript-quiz-2-0.onrender.com/

- *A JavaScript quiz with a score-tracker and MongoDB high-score storage. It allows you to compete against yourself and others.*
- *My goal was to create a responsive quiz that stores your high-scores, and top 25 global high-scores.*
- JavaScript, HTML5, CSS3, Node.js, MongoDB, Express.js, Bootstrap, Apollo GraphQL, React.js, Vite, ESLint

Graduate   2023 – 2024
MSU EDX Full-Stack Web Development Bootcamp   Grand Rapids, MI
*Attended intensive bootcamp covering multiple languages, backend-to-frontend frameworks,
and team project collaboration using GitHub and Slack. Gained hands-on-experience with
JavaScript, CSS3, HTML5, React.js, MongoDB, Node.js, Express.js, MySQL, NoSQL,
Sequelize, jQuery, Bootstrap, Tailwind CSS,REST API's, and more.*
Key Accomplishments:
- *Graduated with a certification in Full-Stack Web Development*

Supervisor   2022 – 2023
   Immaculate Flight   Grand Rapids, MI
*As a Supervisor of Operations I verified the quality of the work produced. Employing a
motivational leadership style that inspired teams to excel. I provided constructive feedback and
set personalized goals to drive continuous improvement.*
Key Accomplishments:
- *Nominated twice for the monthly 'Mac-Flight' moments*

Courier Driver   2021 – 2022
   Reliable Delivery   Grand Rapids, MI
*During my time as a courier driver of medical equipment and pharmaceuticals I maintained
accurate logs ensuring transparency and accountability. I met goals punctually to uphold service
standards and customer satisfaction. I efficiently managed delivery and pickup-data streamlining
logistical processes.*

Assistant Manager   2019 – 2021
   Tommy's Express   Grand Rapids, MI
*I played a pivotal role in assisting senior managers in ensuring the smooth day-to-day
operations. Collaborating closely with upper management, I contributed to the development and
execution of business improvement strategies while maintaining the brand's image through
meticulous attention to detail, approachability, and service standards.*

Supervisor   2018 – 2019
   Mister Car Wash   Grand Rapids, MI
*I enhanced team performance by providing clear direction and offering hands-on support to
ensure tasks were completed efficiently. Adapting to evolving company demands, I assisted
staff in adjusting methods to meet new objectives effectively. I contributed insights and
suggestions to drive organizational growth.*
